Star struck: the 10 best luxury hotels in Los Angeles for 2017

TRAVEL / 30 AUG 2017

Los Angeles has always been famous for its hotels and for the certain itinerant creative class that frequents them. But in the last decade, an intriguing new batch of refurbishments have transformed the city's older buildings, injecting last century's architectural styles with a shot of contemporary appeal. Here are the ten best hotels to visit now.

Freehand Hotel

Some of the rooms at this downtown hotel may have bunk beds, but the overall feeling is anything but hostel. For the Sydell group and the billionaire Ron Burkle's investment company, the design team Roman & Williams took the steel-and-concrete Commercial Exchange building and warmed up the 12 floors of former offices with California craftsman touches like wooden fixtures and green penny tile. The restaurant serves inventive modern Israeli food.
